The program will be led by Brina Torkar, MA in painting, who leads the art school, art academy graduate painter Špela Laela Cvetko, sound therapist Žiga Miklavc and circus performer Sara Bajec. Years of experience in art and education together with their positivity make the team wholehearted promoters of art in children and adults alike. Artistic creation provides an opportunity for each to express themselves – their feelings and thoughts – and focus on themselves. The summer school of art is suitable for just anyone above the age of 7, either complete beginners or experienced art lovers, and for those deciding about studying art.
